Smart Salting Tips

Salt is essential for winter safety, but can harm our waterways and infrastructure when it washes into storm drains. Learn how salt affects stormwater and what we can do to minimize its impact at: www.wisaltwise.com

#WISstormwaterWeek #ASaltySituation #waterislife

Free "Salty Situation" webinar today at 12pm:

Suggested Post Date: Wed., Sept, 25th by 12PM

Here in Dane County, the water we flush down our toilets is treated much differently than the runoff that washes into our storm drains. Tune in to today’s webinar to learn how stormwater and wastewater are managed differently in combined and separate sewer systems. #WISstormwaterWeek #StormwaterTreatment #waterislife
