

LOW-COST RAIN BARRELS FOR SALE

DID YOU KNOW

Capturing rainwater from your rooftop is a smart way to lower your water bill, help protect our lakes, streams and rivers, and conserve water.

Every drop counts!

REIMBURSEMENT PROGRAM

Dane County and the Madison Area Municipal Stormwater Partnership (MAMSWaP) are selling 50-gallon rain barrels for **\$78*** (typical retail price is ~\$130). This sale is open to Dane County residents. You may be eligible for a \$30 reimbursement if you live in a MAMSWaP community. See our website, link below, for more details.

** Limit four per household.*

JOIN OUR WATER WARRIORS!

Harvested rainwater is a great option for watering your lawn, potted plants, or gardens. Slowly releasing water from your rain barrel after a storm allows it to seep back into the ground. This reduces the amount of polluted runoff that enters nearby storm drains and eventually washes into our waters.
